F. Chair’s Opening Remarks
The Chair thanked everyone including Board members and the audience for attending the Board meeting. He stated that he was pleased that the Texas Board of Architectural Examiners and the Texas Board of Professional Engineers had reached a viable compromise during the legislative session on the overlap issue between the two professions. He stated that the Board had recently had a changing of the guards with three outgoing board members and three new ones coming on Board.

Furthermore, he stated that the staff had suffered a great loss this past spring with the passing of one of the agency’s employees, Karla Burkett. He offered condolences over her loss.

He reminded the Board members that they had modified Robert’s Rules of Order to reflect that staff may introduce an item, then the Board will entertain it for open discussion, followed by a proposed motion and concluding with a verbal vote. He reminded Board members to recommit to housekeeping resolutions for the Board: arrive on time, do not interrupt a member who has the floor, and always remember everything said in a meeting is recorded even if it is under your breath. Please remember to obtain the floor before speaking and follow the rules of procedure for orderly and efficient meetings.

He introduced the new board members as follows:

Debra J. Dockery, AIA – San Antonio, Texas. Ms. Dockery is an architect replacing former board member James A. Walker.

She said that the agency had a great culture and organization and her organization appreciated all the help throughout the legislative session.

Priscilla Pipho, Deputy Executive Director for the Texas Board of Professional Engineers. Ms. Pipho stated that the Texas Board of Professional Engineers was here to help on HB 2284 and looked forward to collaboration in making sure that the program was successful.

4. Executive Director Report – Legislative Report/Update

B. Senate Bill 652 – Relating to Governmental Entities subject to the Sunset review process
The Executive Director addressed the Board and stated that Sunset review was scheduled for each agency every 12 years. It is called sunset to determine whether or not the agency needs to be maintained and continued or it needs to be sunsetsed. TBAE originally had a sunset date of 2015, but the SB 652 changed that date to 2013. In addition, SDIS will also undergo Sunset review in 2013. The Executive Director stated that she was glad both of these would be done at the same time. She encouraged the Board members to go to Sunset’s website and look at the previous report. She stated that Sunset’s review gives the agency an opportunity to improve regulatory processes.

A. House Bill 2284 – Relating to the Practice of Architecture and Engineering
The Executive Director explained to the Board that the Texas Society of Architects and the Texas Society of Professional Engineers actively worked on this bill together. The bill clarifies the distinctions between the professions of architecture and engineering and creates a process for engineers to be permitted to engage in the practice of architecture. The Executive Director addressed a flow chart depicting the engineer application process. Under the bill, engineer applicants must submit evidence of completely designing three building projects. The flow chart envisions a committee of the Board reviewing the applicants’ design materials. The Board determined the committee will consist of two architects and one public member and it was decided there should be alternates. If the Board declines an application, the applicant can take his case forward to the State Office of Administrative Hearings (SOAH). SOAH would make the final decision on the application. The case would not be presented to the Board for their vote. If SOAH denies the application, the applicant would have the opportunity to file an appeal at the Travis County District Court.

The Board discussed the number of applications that were anticipated to be filed. The General Counsel stated that he had heard that 30 applications may be filed,
but the Deputy Executive Director from the TBPE stated that it could be around 100.

The Chair proposed that the reviewing committee be made up of the following board members: Charles (Chuck) Anastos (architect); Debra J. Dockery (architect) and Brandon Pinson (public member). Alternate board members would be Bert Mijares (architect) and Chase Bearden (public member). He asked the Board members to consider those proposed appointments and let him know if they seemed acceptable. A motion was introduced for the acceptance of staff’s flowchart on HB 2284 and the committee makeup of 2 architects and one public member.

A MOTION WAS MADE (Mijares/Anastos) TO ACCEPT STAFF’S FLOWCHART REGARDING HB 2284 AND ACCEPT THE COMMITTEE MAKEUP CONSISTING OF TWO (2) ARCHITECTS AND ONE PUBLIC MEMBER. THE MOTION PASSED UNANIMOUSLY.

The Board recessed at 10:48 a.m. for a break.
The Board reconvened at 11:00 a.m.

5. Prospective rule revisions to implement HB 2284 upon taking effect
A. Amend Rule §7.10 to include an application fee to recover the costs of review and processing applications filed by engineers to engage in architecture under the bill

A MOTION WAS MADE (Anastos/Mijares) TO PROPOSE THE AMENDMENT TO §7.10 TO CHARGE A $150.00 APPLICATION FEE TO ENGINEERS SEEKING PLACEMENT ON THE LIST OF ENGINEERS WHO APPLY TO PRACTICE ARCHITECTURE. THE MOTION PASSED UNANIMOUSLY.

B. Repeal Rule §1.12 relating to the joint advisory committee on architecture and engineering

A MOTION WAS MADE (Steinbrueck/Mijares) TO REPEAL RULE 1.12 CONTINGENT UPON HB 2284’S PASSAGE. THE MOTION PASSED UNANIMOUSLY.

C. Amend or repeal Rule §1.210 relating to the meaning of the term “architectural plans and specifications” under certain circumstances

A MOTION WAS MADE (Anastos/Mijares) TO AMEND §1.210 TO COINCIDE WITH THE LANGUAGE WITH PASSAGE OF HB 2284 IN ORDER TO KEEP THE RULE AND MODIFY THE LANGUAGE.

Board member Debra J. Dockery questioned whether the Board should repeal the rule or replace the rule. She wanted to know if there were parts of the rule that the Board wanted to retain. The General Counsel stated that the Chair could delegate this issue to staff for further clarification on the amendment. The Chair agreed.
THE PROPOSED MOTION WAS WITHDRAWN (Anastos/Mijares). Recommendation was to direct staff to develop amendments to the rule. No formal action was required.

7. **Enforcement Cases**

M. Resolution 2011-13 – Bylaws Amendment – Omnibus Incidental Bylaw Changes

The Chair explained to the Board that he would like to consider voting for the NCARB Resolutions as one item in the nature of a consent agenda. The Chair asked if there were any resolutions any Board member would like to take up separately, outside of the consent agenda, for additional discussion. Board member Diane Steinbrueck disagreed and requested that NCARB Resolution 2011-01 be discussed and voted on separately. He agreed.

A MOTION WAS MADE AND SECONDED (Anastos/Mijares) TO ACCEPT AND SUPPORT NCARB RESOLUTIONS 2011-02-2011-13 AS WRITTEN. THE MOTION PASSED UNANIMOUSLY.
The Chair explained that by passing this motion, Texas has instructed our delegates to vote in support of those resolutions at the NCARB meeting.

The Board discussed NCARB Resolution 2011-02 at length. The Resolution amends NCARB’s Model Law to require architects to complete 12 hours of continuing education training annually. It also describes in greater detail the substance of required continuing education. It also would require reporting continuing education on a calendar year basis. Chad Davis noted TBAE often applied a uniform standard to all three professions and he disagreed with supporting this resolution to the extent that it might be applied to landscape architects. Board member Sonya Odell also disagreed with supporting the resolution. The Chair noted that the Resolution calls for NCARB to modify NCARB’s model law and would have no effect on the law in Texas or the standards applied by TBAE. He noted that NCARB had conducted a study and learned that the states are anything but uniform in required continuing education but 12 hours seemed to be requirement imposed by a plurality of states. NCARB is seeking to find and encourage uniformity when it can to aid in reciprocal licensure.

A MOTION WAS MADE AND SECONDED (Anastos/Mijares) TO INSTRUCT THE TEXAS DELEGATES FROM THIS BOARD APPROVE AND SUPPORT NCARB RESOLUTION 2011-01 FOR ARCHITECTS ONLY, NOT FOR LANDSCAPE ARCHITECTS AND REGISTERED INTERIOR DESIGNERS. A MOTION PASSED WITH SEVEN VOTING IN FAVOR AND ONE IN OPPOSITION (Odell).

He explained to the Board that the audit, which the auditing firm would refer to as a management review, had been completed and a report is due on or before June 30, 2011. He stated that he and the General Counsel have an exit interview scheduled with the auditors on June 20, 2011. He indicated that none of the discussions with the auditors have indicated that there are any serious issues or concerns in the agency’s processes. The Chair said that he would like the auditors to attend the next Board meeting scheduled for August to explain to the Board members the extent and the findings of the audit. Board member Paula Miller agreed that the auditors should make a presentation to the full Board. Board member Bert Mijares said that he wanted a full copy of the audit report prior to the August Board meeting if they plan on making their presentation at that time.
