Draft Amendments to Rules 5.5, 5.31, 5.32, 5.33, 5.35, 5.36, 5.37, 5.51, 5.52, 5.53, and 5.55, and Repeal of Rules 5.54, 5.201, 5.202, and 5.203

Relating to Eligibility Requirements for Registration as an Interior Designer

Background

Recently, the legislature passed SB 1932, which amends Tex. Occ. Code 1053.155(b) and changes the educational and experience requirements to become registered as an interior designer by examination. Under the previous law, an applicant for RID registration was required to have graduated from an interior design educational program recognized and approved by the Board, and have professional experience in interior design, as established by the Board. The Board implemented this law by adopting rules under Chapter 5, Subchapters B, C, and J, which specifically identified the educational programs and professional experience that would qualify an applicant for registration by examination.

However, under SB 1932, which becomes effective on September 1, 2017, an applicant is required to satisfy the educational and professional experience requirements for the examination adopted by the Board under Tex. Occ. Code 1053.154. In other words, in order to qualify for registration, an applicant must meet the educational and experience requirements of CIDQ to sit for the CIDQ examination. Since CIDQ’s requirements differ from the requirements that had previously been implemented by the Board, it is necessary to revise the Board’s rules.

Draft Amendments

The processes used to grant registrations are shaped by the registration requirements they implement. In light of the major change in registration requirements, Staff has reexamined all of the Board’s rules relating to application, examination, and registration. The attached draft rules not only implement the revised registration requirements, but also amend TBAE processes to ensure a good fit between process and end result. Most notably, the draft amendments include the following changes:

- The rules in Subchapter J, which outlined the Board’s eligibility requirements for education and experience, would be repealed. Instead, under Rule 5.31, an applicant would be
required to “demonstrate that the Applicant has satisfied the education and professional experience eligibility requirements adopted by CIDQ to sit for its examination.” Reference to the CIDQ requirements, as opposed to adopting the requirements within the Board’s rules, is preferable because it would not require the Board to engage in rulemaking if CIDQ changes its requirements. Rules 5.33 and 5.51 have also been amended to include reference to the CIDQ requirements.

- Since the Board would no longer have educational and experience requirements that differ from CIDQ, Rule 5.33 would be amended to require CIDQ approval of an applicant’s education and experience in accordance with CIDQ’s requirements prior to filing an application with the Board. Additionally, Rule 5.51 would be amended to eliminate a provision relating to Board approval to take the examination. Individuals may apply for and complete the CIDQ examination independent of the approval of any state regulatory board. Under current practices, over half of new applicants for Texas RID registration by examination have already completed the NCIDQ, and thus the Board does not “approve” these applicants prior to examination. The draft rule would reflect this procedure.

- Many of these rules were drafted to be identical to rules that were adopted for architects, and don’t necessarily align with the procedures at CIDQ. In order to provide further simplification of the rules, it is staff’s recommendation that Rule 5.52 be amended to state that, unless otherwise noted in the rules, the administration and scoring of the NCIDQ examination shall be governed by the procedures adopted CIDQ.

- Current Board rules allow an applicant to be approved for testing prior to the completion of experience requirements (at a different time than what is allowed under CIDQ’s procedures). However, under the revised statute, an application for admission to the registration examination must be accompanied by evidence that the applicant has completed the educational and professional experience requirements of CIDQ. Therefore, it would be inappropriate for the Board to receive an application from an applicant who has not completed CIDQ experience requirements and “approve” that applicant to take the exam early.

  - For this reason, it is staff’s recommendation that Rule 5.53 be simplified to require an applicant to schedule and pass all sections of the NCIDQ within the time period required by CIDQ.
In other words, rolling clock requirements would be governed by CIDQ policies, and early testing would be governed by CIDQ requirements (which is allowed for certain degrees prior to completion of all experience).

- Rule 5.54, which describes an NCARB process for transferring scores between states, and does not have applicability for the NCIDQ exam, should be repealed.
- Because some individuals will have pending applications for RID registration by examination at the time the Board adopts rule amendments, it is advisable to include grandfathering provisions. Under amendments to Rules 5.31 and 5.53, those individuals may qualify for registration by either:
  - Meeting the educational and professional experience requirements of CIDQ and scheduling and passing all sections of the NCIDQ exam within the time period required by CIDQ; or
  - Meeting the educational and professional experience requirements and passing all sections of the NCIDQ exam within the time period adopted by the Board and in effect at the time the application was filed.
- Various housekeeping amendments have been included:
  - Previously, the organization that offers the NCIDQ examination changed its name to CIDQ – the Council for Interior Design Qualification. The Board rules have been updated throughout to use the term “CIDQ” to refer to the organization, and “NCIDQ” to refer to the examination.
  - Rule 5.36, which previously referred to “accredited” educational programs, should refer to “qualifying” programs, since accreditation is not required under CIDQ’s requirements.
  - Definitions have been added, amended, or repealed, as necessary.
  - Greater consistency of language between rules that address the same topic.
  - References to “applicant,” “candidate,” and “examinee” have been amended as needed.
  - Capitalization of defined terms

(e) In the absence of evidence that was not disclosed by the requestor or reasonably available when a request for a criminal history evaluation was under consideration, the executive director's criminal history evaluation letter is a final determination regarding the requestor's eligibility for registration. RULE §5.55 Special Accommodations

(a) In accordance with the Americans with Disabilities Act (ADA), every registration examination must be conducted in an accessible place and manner, or alternative accessible arrangements must be afforded so that no qualified individual with a disability is unreasonably denied the opportunity to complete the licensure process because of his/her disability.

(b) Special accommodations can be provided for examinees with physical or mental impairments that substantially limit major life activities. Available accommodations include the modification of examination procedures and the provision of auxiliary aids and services designed to furnish an individual with a disability an equal opportunity to demonstrate his/her knowledge, skills, and ability.

(c) The Board is not required to approve every request for accommodation or auxiliary aid or provide every accommodation or service as requested. The Board is not required to grant a request for accommodation if doing so would fundamentally alter the measurement of knowledge or the measurement of a skill intended to be tested by the examination or would create an undue financial or administrative burden.

(d) Procedure for requesting accommodation:

(1) To protect the integrity of the testing process, an Applicant-examinee requesting an accommodation must submit documentation regarding the existence of a disability and the reason the requested accommodation is necessary to provide the Applicant-examinee with an equal opportunity to exhibit his/her knowledge, skills, and ability through the examination. The Board shall evaluate each request on a case-by-case basis.

(2) An Applicant-examinee requesting an accommodation must have a licensed health care professional or other qualified evaluator provide certification regarding the disability as described in Subsection (e) of this section.

(3) An Applicant-examinee seeking an accommodation must make a request for accommodation on the prescribed form and provide documentation of the need for accommodation well in advance of the
examination date. If the form is submitted less than sixty (60) days prior to the examination date, the Board will attempt to process the request but might not be able to provide the necessary accommodation for the next examination.

(e) The following information is required to support a request for an accommodation or an auxiliary aid:

(1) Identification of the type of disability (physical, mental, learning);

(2) Credential requirements of the evaluator:

(A) For physical or mental disabilities (not including learning), the evaluator shall be a licensed health care professional qualified to assess the type of disability claimed. If a person who does not fit these criteria completes the evaluation, the Board may reject the evaluation and require another evaluation, and the request for accommodation may be delayed.

(B) In the case of learning disabilities, a qualified evaluator shall have sufficient experience to be considered qualified to evaluate the existence of learning disabilities and proposed accommodations needed for specific learning disabilities. The evaluator shall be one of the following:

(i) a licensed physician or psychologist with a minimum of three years' experience working with adults with learning disabilities; or

(ii) another professional who possesses a master's or doctorate degree in special education or educational psychology and who has at least three years of equivalent training and experience in all of the areas described below:

(I) assessing intellectual ability and interpreting tests of such ability;

(II) screening for cultural, emotional, and motivational factors;

(III) assessing achievement level; and

(IV) administering tests to measure attention and concentration, memory, language reception and expression, cognition, reading, spelling, writing, and mathematics.

(3) Professional verification of the disability, which shall include a description of:

(A) the nature and extent of the disability, including a description of its effect on major life activities and the anticipated duration of the impairment;

(B) the effect of the disability on the applicant's, examinee's ability to:

(i) evaluate written material;

(ii) complete graphic sections of the examination by drawing, drafting, and lettering; and

(iii) complete computerized sections of the examination that require data entry via keyboard and the manipulation of a mouse.

(C) whether the disability limits the amount of time the Applicant-examinee can spend on specific examination tasks;

(D) the recommended accommodation and how it relates to the applicant's-examinee's disability;
(E) the professional's name, title, telephone number, and his/her original signature;

(F) any other information necessary, in the professional's opinion, to enable the exam provider to understand the examinee's disability and the accommodation necessary to enable the examinee to demonstrate his/her knowledge, skills, and ability.

(f) Documentation supporting an accommodation shall be valid for five (5) years from the date submitted to the Board except that no further documentation shall be required where the original documentation clearly states that the disability will not change in the future.

(g) The Board has the responsibility to evaluate each request for accommodation and to approve, deny, or suggest alternative reasonable accommodations. The Board may consider an Applicant's examinee's history of accommodation in determining its reasonableness in relation to the currently identified impact of the disability.

(h) Information related to a request for accommodation shall be kept confidential to the extent provided by law.
